Eđitim ve Bilim Emekçileri Sendikası Education and Science Workers' Union

30.10.2024

Dear Colleagues,

Dear Friends,

Eđitim Sen expresses its solidarity with the struggle of FLG CGIL on October 31, when a mass strike will be organized against the capitalist policies of the right-wing Meloni government.

FLG CGIL is organizing a strike across the entire education sector on the 31st of October to demand that the government increase investment in public education, in particular to guarantee stable and decent jobs for all knowledge workers, withdraw measures leading to the regionalization of the education and research system and respect the system of social dialogue and collective bargaining.

As Eđitim Sen, we salute FLG CGIL's opposition, anger, rebellion and struggle against the impositions of capital and the usurpation of the rights of education workers in Italia in the spirit of solidarity.

Eđitim-Sen stands by the organised, collective struggle of FLG CGIL!

Your struggle is our struggle!

In solidarity,

On behalf of EđİTİM SEN Central Executive Committee,

Zülküf Güneş

General Secretary
